Dear [REDACTED] 25X1A

Your kind letter of 23 September was very much appreciated and we are definitely of the opinion that we receive full measure for all the support afforded you.

It is good of you to commend [REDACTED] and the others in our Geography office. We too have a very high regard for their abilities and appreciate recognition from the outside. Because of the secrecy surrounding most of our operation, it is only rarely that our personnel can have the pleasure of outside praise.

I shall pass your letter on to [REDACTED] and his assistants and I assure you that all of us look forward to cooperating with you in the future.

Sincerely yours,

Robert Amory, Jr.
